

Future Gifts lead to Future Cures

Your Legacy Gift will make a Difference

Your Will is powerful! It can help set your loved ones up for success AND support a cause that is important to you. By leaving a legacy gift, you are leading by example. You are showing your loved ones that giving back to your community is important to you.

What is Legacy Giving?

Legacy giving is an easy and beautiful way to share the success you've experienced in life while ensuring many generations of children and families will benefit from the best pediatric health care possible. By leaving a gift in your Will to the Alberta Children's Hospital Foundation, you'll fuel world-class research that will save and change the lives of sick and injured children well into the future. Your gift could be:

- A Bequest (percentage allocated or a specific amount)
- Shares or securities
- Life insurance
- RRSPs or RRIFs

Legacy Challenge

Right now, there is a special opportunity for those wanting to leave a gift in their Will. Through the Legacy Challenge, a portion of your generous future gift will be matched and those matched dollars, will be yours to allocate immediately to an area of care that is meaningful to you. This way, you can see your impact right away and also know you will be supporting generations of kids and families to come.

Let's Chat!

Would you like to learn more about Legacy Giving? Our charitable gift planners would be happy to answer any questions at a time and in a way that is convenient for you.
